Lead Based Paint Abatement and
Removal

Lead Based Paint Abatement and Removal

Contractors applying for the classification of Lead Based Paint Abatement and Removal, in lieu of a trade examination, must provide a copy of the letter of approval from the Louisiana Department of Environmental Quality (DEQ) for either:

1. Commercial and Industrial Lead Removal or

2. Target Housing and Child-Occupied Facility Lead Removal

Further information regarding the letter of approval may be found at:

https://deq.louisiana.gov/assets/docs/Air/Lead_Paint/LEAD-CONTRACTOR-LETTER-OF-APPROVAL-APPLICATION-INSTRUCTIONS.pdf

If the website address changes and the link no longer works, please search for the appropriate new website address.

The DEQ Letter of Approval must accompany the request for this classification, along with any applicable fees. Each time the license is renewed, a copy of a current DEQ Letter of Approval must be sent with the application for renewal before the renewal can be processed. For questions related to DEQ certifications and processes, please call 225-219-LDEQ (5337) or Toll Free 1-866-896-LDEQ (5337).
