Louisiana State Licensing Board for Contractors

LSLBC

8.4 Underground Storage Tanks

Requires Louisiana Department of Environmental Quality certification and refers to the construction, maintenance, and repair of underground storage tanks as well as the backfill, connected piping, and other components. A license is required when the value exceeds \$1. Underground Storage Tanks is a subclassification of Hazardous Materials.

Visit the Louisiana Department of Environmental Quality at <https://www.deq.louisiana.gov/> to check for any additional requirements that may be related to this classification.
